Our Art Subject Leader

My name is Mrs Hansen and I am the Art Subject Leader.

My passion / personal experience with my subject

Now that I have my own home I love to fill it with interesting art. I particularly like landscape art that reminds me of my outdoorsy childhood. One of my favourite artists of the past is John Constable. I love his depiction of our beautiful English countryside.

Experiences in Our School

We have opportunities to be creative each and every week at St. Joseph's. Our new Kapow art scheme has some fantastic ideas that we use to make our lessons really fun and engaging. We learn about many artists, past and present and are introduced to key art vocabulary. We create art galleries that we enjoy sharing with parents and are proud of all the artwork we create.

Hopes and Goals in my subject

This year I hope to be able to invite some local artists into school to support the teaching of sketching/painting skills. I am also hoping that we can run an after school club for children in Key Stage 2 as well as creating a whole school display that focuses on sharing the progression of collage skills throughout school.

Subject governor: Mrs Philipson
