Music at St. Joseph's Catholic Primary School

Our philosophy for effective teaching and learning in Music is to develop a life-long love of music for our children. Exploring music from all around the world, children develop the skills and knowledge to become confident performers, composers, and listeners. Children will not only meet the end of Key Stage attainment targets but also develop an understanding and appreciation for diverse cultures and traditions that will serve them in their general lives outside and beyond school.

By the end of Key Stage 2, our pupils will have the skills to perform in solo and ensemble contexts using their voices, tuned and untuned instruments. Children will have a well-rounded appreciation of the inter-related dimensions of music from a wide range of historical and cultural contexts.
